Cultivate Virtual Connection Plan

Number of Participants for Virtual Gathering:	
Goals of Gathering: ▪ What is the goal for connection as well as the goal for productivity?	
Technology Tool(s) to be Used: ▪ What needs to happen to ensure that the tool is set up correctly and participants know how to use it?	

Controllable Factors --

Structure & Expectations: ▪ What expectations need to be set for and among participants? ▪ What roles need to be established?	
Group Care: ▪ What practices will you put in place to ensure a balance of content & connection? ▪ How will you establish helpful norms and how will you work through unhelpful norms?	
Authentic Facilitation: ▪ How will you present your whole self to the group? ▪ How will you check in with yourself and the group throughout the experience? ▪ If you're not the facilitator: how can you support the facilitator in showing up authentically?
